Helpful Hints

- ❖ Whether working or at home with your baby, we can help you to reach your breastfeeding goals.
- ❖ You can breastfeed, even if you plan to go back to work, you have a Cesarean birth, your baby is premature, or you have twins...even triplets!
- ❖ Nurse often. The more your baby nurses, the more milk you will have.
- ❖ Babies nurse for nourishment and so much more. Nursing can soothe pain, calm fears, and comfort babies.
- ❖ Hold your baby skin-to-skin as much as possible.
- ❖ Nap or rest with your baby when you can.
- ❖ Drink plenty of water.
- ❖ Talk with someone who has enjoyed nursing, such as a La Leche League Leader.
- ❖ Start early and continue to build a strong support network.
- ❖ The more you know about nursing before you have a baby, the better prepared and more confident you will be!
